

Pay as U Pour

"Pay as U Pour" is designed to provide the opportunity to pay your General and Liquor Liability premiums based on actual usage.

Very Simply:

- Allows for seasonal conditions and better alignment to your restaurant's cash-flow
- Helps to mitigate your exposure and the audit surprise at the end of the year
- When sales are up in-season you pay more - and in the off-season, when sales are lower, you pay less!

This is a Preferred Program and qualifying restaurants may have as low as a 10% Down Payment on Insurance Premiums!

Our Value

We offer superior Risk Management Services and provide each client access to our Safety Basics platform at no charge. This system is proven to reduce accidents, insurance premiums and employee turnover.
